

ACCESSORIES

CLEAN BREAK PRODUCTS

DISINFECTANT - DETERGENT

- Mildewstat-Deodorant-Virocide
- Cleans and disinfects
- Prevents mildew
- Kills common bacteria

NEUTRAL PH CLEANER & DEGREASER

- All purpose
- Dries without streaking
- No need to rinse
- Non-toxic
- Clean, fresh scent

RUBBER FLOORING & MAT SEALANT

- Easy to Apply
- Sealant resists dirt
- Prolongs life of the flooring
- Formulated by a veterinarian
- Safe for humans and animals

RB ADHESIVES

CX-941 AND 948

CX-941 and CX-948 are one-component polyurethane-based, structural, industrial grade adhesives. Elastomeric properties enable them to move with the rubber as it expands and contracts. The patented formulas are VOC compliant, non-flammable, and contain no solvents or water. They have freeze-thaw stability (unlimited cycles). Both adhesives provide excellent initial grab, and outstanding bond strength. They are formulated for indoor and outdoor applications on concrete, asphalt, rubber, cork, plywood, particle or chip board, cement, gypsum underlayment, and over radiant heat flooring.

ELASTOMERIC SEALANT

This elastomeric sealant adhesive is a premium-grade, high-performance, moisture-cured, one-component, polyurethane-based, non-sag elastomeric sealant. Meets Federal specification TT-S-00230C, Type II, Class A. Meets ASTM C-920, Type S, Grade NS, Class 25; Canadian Standard 19-GP-16A, Type II. Coverage per 10.3 oz tube: 12.4 lineal feet of 1/4" - 1/2" joint (20 ozs = 24 lineal feet).

CYANOACRYLATE ADHESIVE

This adhesive has a very high viscosity with a medium set speed. Its suggested for bonding metals, plastics and rubber where maximum gap-filling or drop-control is needed. Testing indicates good flexibility and resistance to changing environments. With FASTAC accelerator, gap size may be increased. Coverage per 1 fluid oz. tube: 30 lineal feet of 1/8" - 1/4" joint.

DS-PS TAPE

Double-faced "cold" tape specially formulated for seaming indoor/outdoor rolled rubber.

Adhesive on both sides. Reinforced on one side - not on the other.

5" wide x 60' long

3/8" RB TRANSITION STRIPS

Excellent finish for either Rolled Rubber or RB Zip-Tiles.

Easy to install.

Seamless Transition from 3/8" to surface.
